# Safety Data Sheet

SDS #: A-10048 TC	oner - Black, Cya	n, Magenta, Yellow		
Issuing Date 2013-07-10	Revision Date	2013-07-10	Version 1	
1. Product and Company Ide	entification			
Trade Name: Toner	for Color Las	erJet Pro M551, Color Las	erJet M551 Series	
Part No. 006R03012, 006R03	008, 006R03009, 006I	R03010, 006R03011		
Color Pure substance/preparation	Black, Cyan , Magenta, Y Preparation	ellow		
Identified uses	Xerographic printing			
Manufactured by:	Xerox Corporation Webster, NY 14580			
Emergency telephone	Safety Information (800)828-6571 Health Emergency (585)422-2177 Chemical Emergency only (Chemtrec) (800)424-9300 (703)527-3887 (collect outside the US or Canada)			
2. Hazards Identification				
Emergency Overview The product contains no substances which, in the form utilized and at their given concentrations, are considered to be hazardous to health.				
<b>Color</b> Black, Cyan , Magenta, Yellow	Appearance Powder	Physical state Solid	<b>Odor</b> Faint	
Potential Health Effects Principle Routes of Exposure Acute toxicity	Inhalation			
Eyes	No known effect			
Skin	No known effect			
Inhalation Ingestion	No known effect No known effect			
Chronic effects	NO KNOWN ENECT			
Chronic toxicity	No known effects under normal use conditions. Repeated or prolonged inhalation may cause irritation of the respiratory tract as can occur with the inhalation of any non- toxic dust. Minimum respiratory or eye irritation may occur as with exposure to large amounts of any non-toxic dust			
Main symptoms	Overexposure may cause			
Aggravated Medical Conditions		mild respiratory irritation similar to nuisance dust None under normal use conditions		
Environmental hazard	See Section 12 for additional Ecological Information			
Risk Phrases	None required			

## 3. Composition/Information on Ingredients

Chemical Name	CAS-No	Weight %
Styrene acrylate copolymer	PROPRIETARY	70-90
Wax	PROPRIETARY	5-15
Color Pigments	Proprietary	3-10
Carbon Black	1333-86-4	3-10
Amorphous silica	7631-86-9	<5
Titanium dioxide	13463-67-7	<1

#### 4. First Aid Measures

General advice	For external use only. When symptoms persist or in all cases of doubt seek medical advice. Show this material safety data sheet to the doctor in attendance.
Eye contact	Immediately flush with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes
Skin contact	Wash skin with soap and water
Inhalation	Move to fresh air
Ingestion	Rinse mouth with water and afterwards drink plenty of water or milk
Notes to physician	Treat symptomatically
Protection of first-aiders	No special protective equipment required.

### 5. Fire-Fighting Measures

Flammable properties	Not flammable. Will not readily ignite
Flash point	Not applicable
Suitable extinguishing media Unsuitable extinguishing media	Use water spray or fog; do not use straight streams, Foam Do not use a solid water stream as it may scatter and spread fire
Hazardous combustion products	Hazardous decomposition products due to incomplete combustion, Carbon oxides, Nitrogen oxides (NOx)
Explosion Data Sensitivity to Mechanical Impact Sensitivity to Static Discharge	Not impact sensitive Fine dust dispersed in air, in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard

#### Specific hazards arising from the chemical

Fine dust dispersed in air, in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard

#### **Protective Equipment and Precautions for Firefighters**

In the event of fire and/or explosion do not breathe fumes. Wear fire/flame resistant/retardant clothing. Use self-contained pressure-demand breathing apparatus if needed to prevent exposure to smoke or airborne toxins.

Page 3/7

NFPA 704 Consumer use	Health Hazard	Flammability	Stability 0	Special hazard None
Bulk packages	Health Hazard	Flammability 3	Stability 0	Special hazard None
6. Accidental Release	Measures			
Personal Precautions	Avoid breathir	Avoid breathing dust.		
<b>Environmental Precautions</b>	No special en	No special environmental precautions required		
Methods for containment	Prevent dust of	Prevent dust cloud		
Methods for cleaning up		Prevent dust cloud. Sweep up or vacuum up spillage and collect in suitable container for disposal. Use non-sparking tools and equipment.		
Other Information	See Section 1	See Section 12 for additional information.		
7. Handling and Storag	ge			
Advice on safe handling	Handle in acc Prevent dust o	ordance with good industr cloud	ial hygiene and safety pr	ractice
Technical measures/Storage conditions		Keep container tightly closed in a dry and well-ventilated place Store at room temperature		
Hygiene measures	None under n	None under normal use condtions		
Industrial User	Wash hands b Wash hands b	ink or smoke when using t before eating, drinking, che before breaks and at the e ar cleaning of equipment, v	ewing gum, using tobacc nd of workday	co, or using toilet

8. Exposure Controls/Personal Protection

## Exposure guidelines

## Product information

ACGIH TLV TWA	10 mg/m <sup>3</sup> (inhalable particles)
ACGIH TLV TWA	3 mg/m <sup>3</sup> (respirable dust)
OSHA PEL TWA	15 mg/m <sup>3</sup> (total dust)
OSHA PEL TWA	5 mg/m <sup>3</sup> (respirable dust)
Xerox Exposure Limit	2.5 mg/m <sup>3</sup> (total dust)
Xerox Exposure Limit	0.4 mg/m <sup>3</sup> (respirable dust)

## **Other Information**

The results obtained from a Xerox sponsored Chronic Toner Inhalation Study demonstrated no lung changes in rats for the lowest (1 mg/m<sup>3</sup>) exposure level (the level most relevant to potential human exposure). A very slight degree of fibrosis was noted in 25% of animals at the middle (4mg/m<sup>3</sup>) exposure level, while a slight degree of fibrosis was noted in all the animals at the highest (16 mg/m<sup>3</sup>) exposure level. These findings are attributed to "lung overloading", a generic response to excessive amounts of any dust retained in the lungs for a prolonged period. This study was conducted using a special test toner to comply with an EPA testing protocol.

## **Biological standards**

This product, as supplied, does not contain any hazardous materials with biological limits established by the region specific regulatory bodies

## **Occupational Exposure Controls**

Engineering measures	None under normal use conditions.
Industrial use	Avoid dust formation Ensure all equipment is electrically grounded before beginning transfer operations Provide appropriate exhaust ventilation at places where dust is formed

## **Personal Protective Equipment**

Consumer use	These recommendations apply to the product as supplied
Respiratory protection	No special protective equipment required.
Eye/Face protection	No special protective equipment required.
Skin and body protection	No special protective equipment required.
Hand protection	No special protective equipment required
Industrial use	In case of insufficient ventilation: Wear protective eyewear (goggles) Effective dust mask

## 9. Physical and Chemical Properties

Appearance Odor threshold pH Flash point Softening point	Powder Not applicable Not applicable Not applicable 49 - 60 °C / 12	0 - 140 °F	Odor Physical state Color Boiling point/range Autoignition temperature	Faint Solid Black, Cyan , Magenta, Yellow Not applicable Not applicable
Flammability Lim	its in Air	Not applicable		
Explosive proper Vapor pressure Vapor density Water solubility Viscosity Partition coefficie Evaporation rate Melting point/ran Freezing point Specific gravity	ent	Fine dust dispersed in ai source is a potential dus Not applicable Not applicable Not applicable Not applicable Not applicable Not determined Not applicable ~ 1	•	entrations, and in the presence of an ignition

10. Stability and Reactivity		
Reactivity	No dangerous reaction known under conditions of normal use	
Stability	Stable under normal conditions	
Incompatible products	None	
Conditions to Avoid	Prevent dust cloud, Fine dust dispersed in air, in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard	
Hazardous Decomposition Products None under normal use		
Hazardous polymerization	Hazardous polymerization does not occur	
Hazardous reactions	None under normal processing	

11. Toxicological Information

The toxicity data noted below is based on the test results of similar reprographic materials.

## Acute toxicity

Acute toxicity			
Product information			
Irritation	No skin irritation, No eye irritation		
LD50 Oral:	> 5 g/kg (rat)		
LD50 Dermal:	> 5 g/kg	(rabbit)	
LC50 Inhalation:	> 5 mg/L	. (rat, 4 hr)	
Eyes	No known	effect	
Skin	No known	effect	
Inhalation	No known	effect	
Ingestion	No known effect		
Chronic toxicity			
Product information			
Chronic effects	No known	effects under normal use conditions. Rep	peated or prolonged inhalation may
		ation of the respiratory tract as can occur	
	dust. Minimum respiratory or eye irritation may occur as with exposure to large amounts of		
	any non-toxic dust.		
Main symptoms	Overexposure may cause:		
	mild respiratory irritation similar to nuisance dust		
Aggravated Medical Conditions	None under normal use conditions		
Carcinogenicity	See "Other Information" in this section.		
Chemical Name		IARC	NTP
Carbon Black		2B	
Titanium dioxide	2B		

### Other toxic effects

Product information Sensitization Mutagenic effects Target organ effects

No sensitization responses were observed Not mutagenic in AMES Test None known

Page 6/7

Toner - Black, Cyan, Magenta, Yellow

Other adverse effects	None known
Aspiration Hazard	Not applicable

### Other information

The IARC (International Agency for Research on Cancer) has listed carbon black as "possibly carcinogenic to humans". The classification is based on studies evaluating pure, "free" carbon black. In contrast, toner is a formulation composed of specially prepared polymer and a small amount of carbon black (or other pigment). In the process of making toner, the small amount of carbon black becomes encapsulated within a matrix. Xerox has performed extensive testing of toner, including a chronic bioassay (test for potential carcinogenicity). Exposure to toner did not produce evidence of cancer in exposed animals. The results were submitted to regulatory agencies and published extensively

The IARC (International Agency for Research on Cancer) has listed titanium dioxide as "possibly carcinogenic to humans". The classification is based on studies in rats using pure, unbound TiO2. Based on the review of available study results, when this product is used as intended, Xerox has concluded that the presence of titanium dioxide in this mixture does not present an increased risk of lung cancer or chronic respiratory disease.

12. Ecological Information	

#### Ecotoxicity

The environmental impact of this product has not been fully investigated. However, this preparation is not expected to present significant adverse environmental effects.

13. Disposal Considerations		
Waste Disposal Methods	This material, as supplied, is not a hazardous waste according to Federal regulations (40 CFR 261). This material could become a hazardous waste if it is mixed with or otherwise comes in contact with a hazardous waste, if chemical additions are made to this material, or if the material is processed or otherwise altered. Consult 40 CFR 261 to determine whether the altered material is a hazardous waste. Consult the appropriate state, regional, or local regulations for additional requirements	
Contaminated packaging	Dispose of in accordance with local regulations.	
14. Transport Information		
Note	This material is not subject to regulation as a hazardous material for shipping.	

#### 15. REGULATORY INFORMATION

#### International Inventories

TSCA DSL/NDSL Complies Complies

## U.S. Federal Regulations

## SARA 313

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372. SARA 311/312 Hazard Categories

Page 7/7

SDS #: A-10048

## Toner - Black, Cyan, Magenta, Yellow

Acute Health Hazard	No
Chronic Health Hazard	No
Fire Hazard	No
Sudden Release of Pressure Hazard	No
Reactive Hazard	No

#### **Clean Water Act**

This product is not regulated as a pollutant pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

Clean Air Act, Section 112 Hazardous Air Pollutants (HAPs) (see 40 CFR 61)

This product is not regulated as a hazardous air pollutant (HAPS) under Section 112 of the Clean Air Act Amendments of 1990. CERCLA

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

#### **TSCA**

TSCA 12b does not apply to this product.

## **U.S. State Regulations**

### **California Proposition 65**

Carbon black is regulated under California Proposition 65 only if in the form of "airborne, unbound particles of respirable size". Toner products do not contain carbon black in the form of "airborne, unbound particles of respirable size". Therefore, the requirements of Proposition 65 do not apply to this product.

Chemical Name	CAS-No	California Prop. 65
Carbon Black	1333-86-4	Carcinogen
Titanium dioxide	13463-67-7	Carcinogen

#### U.S. State Right-to-Know Regulations

Although this product contains substances included in some U.S. State Right-to-Know regulations, the particles are bound in a unique matrix and, therefore, the product does not pose any specific hazard. Note

The toxicity data noted below is based on the test results of similar reprographic materials.

#### Canada

## This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations (CPR) and the MSDS contains all the information required by the CPR.

### WHMIS Hazard Class

Not subject to WHMIS classification
