KS KYOCERa **MATERIAL SAFETY DATA SHEET**

Chemical Product and Company Identification Section 1.

Product Name

Black Toner For FS-C8100DN

Manufacturer

Kyocera Mita Corporation

Address

Kyocera Mita America, Inc.

225 Sand Road

Fairfield, NJ 07004

Telephone Number

(973)-808-8444

Date

April 25, 2007

Section 2. Composition/Information on Ingredients

Hazardous Components		····		
(Chemical Identity, Common Name/s)	OSHA PEL	ACGIH TLV	NOHSC	%
(CAS No. 1333-86-4) Carbon black	3.5mg/m ³	3.5mg/m³		1-5
(CAS No. 7631-86-9) Silica	5mg/m ³	10mg/m³		1-5
(Non Hazardous Ingredients)			, h	
Polyester resin	Not listed	Not listed	Not listed	>90
Styrene acrylate copolymer	Not listed	Not listed	Not listed	1-5
Ester wax	Not listed	Not listed	Not listed	1-5

Section 3. Hazards Identification

Most Important Hazard: Not classified as dangerous.(1999/45/EC)

Specific Hazards

Potential Health Effects

Ingestion

Ingestion is not applicable route of entry for intended use.

Inhalation

Prolonged inhalation of excessive dusts may cause lung damage. Use of this product, as intended,

does not result in inhalation of excessive dusts.

Eye Contact May cause eye irritation.

Skin Contact Unlikely to cause skin irritation.

Section 4. First Aid Measures

Inhalation

Remove from exposure to fresh air and gargle with plenty of water. Seek medical treatment in case of such a symptom as coughing.

Skin Contact Wash with soap and water.

Eye Contact Flush with water immediately and seek medical treatment if irritating.

Ingestion

Rinse out mouth. Dilute stomach contents with several glasses of water and seek medical treatment.

k**&** KYOCERa MATERIAL SAFETY DATA SHEET

Section 5. Fire Fighting Measures

Extinguishing Media

Water (Sprinkle with water), Foam, Powder, C02 or Dry Chemical Extinguisher.

Fire Fighting Procedures

Do not blow away toner powder. Drain water off around and decrease the

atmosphere temperature to extinguish the fire.

Section 6. Accidental Release Measures

Personal Precautions

Avoid inhalation, ingestion, eye and skin contact in case of accidental toner relea:

Environmental Precautions

No special precaution.

Method for Cleaning Up

Clean up with a vacuum cleaner with a .5 micron filter or smaller. Do not blow aw

Gather the released toner, wipe up with a wet cloth.

Section 7. Handling and Storage

Handling

Avoid inhalation, ingestion, skin or eye contact. Keep toner container tightly close

Keep away from children.

Storage

Store in a cool, dry and dark place keeping away from fire. Keep the toner contai

tightly closed. Keep away from children.

Section 8. Exposure Controls/Personal Protection

Exposure Guidelines

See Section 2

Personal Protection Equipment(s)

Respiratory Protection Eye/Face Protection Hand/Skin/Body Protection None required under normal use. None required under normal use. None required under normal use.

Ventilation

Ventilator is not required under normal use.

Section 9. Physical and Chemical Properties

Appearance

Black fine powder

Odor Нq

Odorless

Melting Point

N.A.

Explosive Properties

115°C

Dust explosion is improbable under normal use. Experimental explosiveness of toner is classified into the same rank such kind of powder as flour, dry milk and

resin powder according to the pressure rising speed

Specific Gravity

 $1.4(H_20=1)$

Solubility

Almost insoluble in water.

. (20)

MATERIAL SAFETY DATA SHEET

Section 10. Stability and Reactivity

Stability/Reactivity

Stable under normal use.

Hazardous Decomposition Products None

Section 11. Toxicological Information

Acute oral toxicity

No data available.

Acute dermal toxicity

No data available.

Acute inhalation toxicity

No data available.

Acute eve irritation

No data available.

Acute skin irritation

No data available.

Skin sensitization

No data available.

Mutagenicity

Ames Test is Negative.

Reproductive Toxicity

No reproductive toxicant, according to MAK, California Proposition 65, TRGS905 an

EU Directive(67/548/EEC).

Carcinogenicity

No carcinogen or potential carcinogen (except carbon black), according to

IARC, Japan Association on Industrial Health, ACGIH, EPA, OSHA, NTP, ILO, MAK

California Proposition 65, TRGS 905 and EU Directive (67/548/EEC).

In 1996, the IARC reevaluated carbon black as a Group 2B carcinogen (possible human carcinogen). This evaluation is given to carbon black for which there is inadequate human evidence, but sufficient animal evidence.

The latter is based upon the development of lung tumors in rat receiving chronic inhalation exposures to free carbon black at level that induce particle overload of the lung.

Studies performed in animal models other than rats have not demonstrated an association between carbon black and lung tumors. Moreover, a two-year's cancer bioassay using a typical toner preparation containing carbon black demonstrated no association between toner exposure and tumor development in rats.

Chronic effects:

In a study in rats by chronic inhalation exposure to a typical toner, a mild to moderate degree of lung fibrosis was observed in 92% of the rats in the high concentration (16mg/m³) exposure group, and a minimal to mild degree of fibrosis was noted in 22% of the animal in the middle (4mg/m3) exposure group. But no pulmonary change was reported in the lowest (1mg/m3) exposure group, the most relevant level to potential human exposures.

Others

NONE

k**&** KYOCERa **MATERIAL SAFETY DATA SHEET**

Section 12. **Ecological Information**

No data available.

್- ಎಡ್

Section 13. Disposal Considerations

Do not incinerate toner and toner containers. Dangerous sparks may cause burn Any disposal practice should be done under conditions which meet local, state ar federal laws and regulations relating to waste (contact local or state environments agency for specific rules).

Section 14. Transport Information

UN No.

None

UN Shipping Name

None

UN Classification

None

UN Packing Group

None

Special Precautions

None

Section 15. Regulatory Information

EU Information

Label information according to the Directives 67/548/EEC and 1999/45/EEC(EU)

Symbol and Indication

Not required

R-Phrase

Not required

S-Phrase

Not required

Special Markings

Not required

Hazardous ingredients for labeling Not required

US Information

All components in this product comply with order under TSCA.

Section 16. Other Information

To the best of our knowledge, the information contained herein is accurate. However, we cannot assume any liability whatsoever for the accuracy or completeness of the information contained herein.
